

## COLTELLI PIALLA, PER PIALLATRICI INDUSTRIALI

### PLANING KNIVES, FOR INDUSTRIAL PLANING MACHINES

Coltelli per piallatrici industriali realizzati con i migliori acciai e con trattamenti termici d'ultima generazione che garantiscono elevate prestazioni e lunga durata.

Forniti già bilanciati a coppie, terne o quaterne secondo la richiesta. Disponibili in varie misure ed in quattro versioni: in acciaio HSS 18%W, 13% Cromo o Chrom-Vanadium; T.C.T. (con inserto in Carburio di Tungsteno micrograna K10).

Planing knives for industrial planing machines, made of the best steels and heat-treated with last-generation techniques that guarantee very high performances and long life of the blade.

Supplied already balanced in sets of 2, 3 or 4 pieces, according to the request. Available in a wide range of sizes and in four versions: HSS 18%W, 13% Chrome or Chrome-Vanadium steel; T.C.T. (Tungsten Carbide micrograin K10 tipped).

Couteaux pour les raboteuses industrielles réalisées avec les meilleurs aciers et avec les traitements thermiques de dernière génération qui garantissent des prestations élevées et longue durée de vie de l'util.

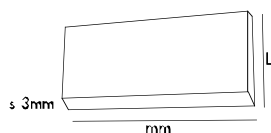

Fournis déjà équilibrés aux couples, groupes de trois ou quatre selon la demande. Disponibles dans différentes mesures et dans quatre versions: en acier HSS 18 %W, 13% Chrome ou Chrom-Vanadium; T.C.T. (avec segments en carbure de tungstène micrograin K10).

Cuchillos para acepilladoras industriales realizados con los mejores aceros y con tratamientos térmicos de última generación que garantizan elevadas prestaciones y larga duración.

Se suministran ya calibrados a dos, tres, cuatro, según demanda. Disponibles en varias medidas y en cuatro versiones: en acero rápido HSS 18%W, 13% Cromo ó Cromo-Vanadio; T.C.T. (con inserción de Carburio de Tungsteno micrograno K10)
